

SAMPLE

This home has an energy efficient **heating system** & **wall insulation** & **attic insulation**.

Benefits

- Better comfort
- Lower energy bills
- Improved home durability
- Healthier indoor climate

This home is energy efficient.

The energy inspection of this home has found an efficient heating system and proper levels of wall and attic insulation. The benefits include:

Better comfort — efficient homes stay warmer in the winter and cooler in the summer.

Lower energy bills — efficient homes save up to \$1,000 a year on heating and cooling.

Improved home durability — fully insulated walls and attics provide the best prevention against ice dams.

Healthier indoor climate — efficient homes improve indoor air quality and safely manage exhaust.
