

ENERGYWISE PROGRAM - NEW HOMES REBATES

Directions

1. Fill out all information relevant to the projects you are completing.
2. Submit this form and a paid invoice from your contractor or a receipt to demonstrate proof of purchase.
3. Email submissions to mrehm@picc.org or mail submissions to Center for Energy and Environment 212 N 3rd Ave Suite 560, Minneapolis, MN 55401.

Program Overview

- All new homes are eligible for a maximum of \$6,000 in rebates per home.
- Eligible homes must be on tribal land and can either be newly built site-built homes or newly manufactured homes
- Members pursuing the whole home rebates must coordinate with CEE before applying for the rebate. Work with CEE before purchasing your home to ensure it complies with these standards.
- Once your rebate form is approved, PIIC will mail you a rebate check.

Guidance on Projects and Paperwork Is Available!

Please call or email Mike Rehm at the Center for Energy and Environment (CEE) at mrehm@mncee.org, 651-328-6224 for help or with questions. CEE can assist by:

- Discussing energy efficiency choices for your new home, such as insulating to desirable R-values and the benefits of electrification and heat pumps.
- Reviewing and providing additional information on proposals and scopes of work for insulation and mechanical systems that you may have received from your contractors, builders, or manufactured home dealers.

Member and Property Information	
Full Name	
Address:	
Phone Number	
Email	
Mailing address if different from above	

In submitting this form, the Tribal Member affirms that the purchase and installation information provided herein is accurate and correct to the best of your knowledge. If the status of any of these purchases and/or installations changes, Tribal Member is required to notify the PIIC Program Contact and may be responsible for returning any financial rebate which has been issued by PIIC to the Tribal Member that no longer applies Andrea Zimmerman (651.380.0548, andrea.zimmerman@piic.org).
